

Creating whatsapp bot / instgrambot without coding

BOTMANTUL.COM

BY : KUKUH TW (KUKUHTW@GMAIL.COM) - 628129893706

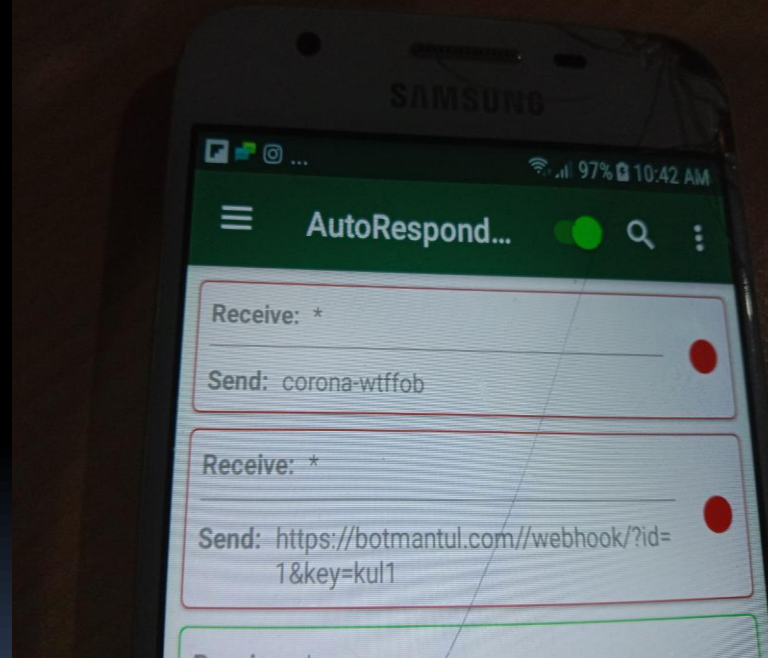

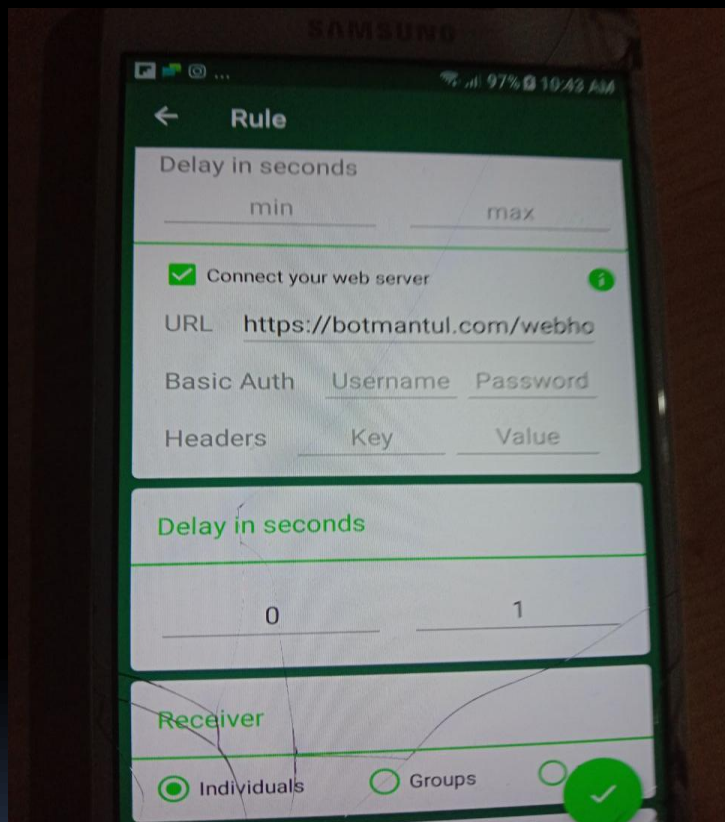

How it works

- Using Apps Wa Autoresponder
- Register at <https://botmantul.com>
- Create Content on this platform (botmantul.com)
- Setting URL Webhook In apps WA Autoresponder, set to botmantul.com
- Easier to extend custom chatbot development
- Easier to integrate from dialogflow.com

WA Autoresponder

- BotMantul.com needs WA Autoresponder to integrate this framework engine to whatsapp
- WA Autoresponder is third party, not affiliated with botmantul.com
- You need buy lifetime premium in this WA Autoresponder

Setting URL webhook BotMantul.com at Apps WA Autoresponder

What Botmantu1.com provide

- Creating / managing content with platform dashboard
- Managing for Navigating each menu/screen is easier with this dashboard
- Integrating from thirdparty AI/NLP engine , like Dialogflow.com
- Custom Chatbot Development for specific needs

Botmantul.com is not

- Botmantul.com is not Whatsapp API
- Botmantul.com is not tool either not facilitate broadcast Whatsapp messages
- Botmantul.com is not an NLP Engine (But can be integrated from dialogflow.com)

Extension – Custom Development
